Bucharest, Romania

Computer Science

University of Bucharest Faculty of Mathematics and Informatics

09/2017 – 06/2021
Bucharest, Romania

Mathematics-Computer science

National College "Școala Centrală"

🧠 SKILLS

• C++ • HTML • CSS • Python • Assembly x86 AT&T

📁 PROJECTS

11/2021 – 12/2021

Personal Portfolio Website [🔗](#)

Here is a simple project made with HTML and CSS, where i present my CV, my previous work and who I am. <https://bojneagu-david-f2e7cb.netlify.app/>

Product Landing Page [🔗](#)

This is a responsive product landing page, built with HTML and vanilla CSS.

Sorting Algorithms [🔗](#)

This was my first project in the second semester of university. I needed to implement in python 5 or more sorting algorithms, and compare their speed.

12/2021 – 01/2022

Backtracking in Assembly [🔗](#)

This was the second project of my first semester in university. I implemented and iterative backtracking algorithm in assembly AT&T syntax, over the x86 arhitecture.

🏆 CERTIFICATES
